

## **The purpose of Men of Action**

Men of Action serves the material, relational, and spiritual needs of Widows, Single women, Moms, and those in need of a helping hand in our church Community.

## **What to expect from Men of Action**

1. A helping hand, working with you to care for your needs.
2. An initial consultation by phone or visit to the home to assess the types of work to be performed.
3. Depending on the situation, you then will have a team of 2-4 men come to your home once a month for 2-3 hours. Usually Saturday Mornings.
4. We will do our best to have the same men at your home each month.
5. You will be called by one of your team each month to set the next visits work flow.
6. Our main work focus is the general repair, cleaning and maintenance around the home.
7. All of our volunteers are required to pass a background check.
