Dear Zack Thompson, Mathew Michaud, and Members of the Calvary Bible Church Congregation,

The Woodglen Elementary community, staff, and students have been deeply moved by your generosity, thoughtfulness, and support to us during what has been a challenging time. The funds that you were able to collect and donate far exceeded our wildest hopes. We feel fortunate to be able to provide support for technology and technology licenses that help students meaningfully engage in our curriculum.

As you know, supporting students and their families during this global pandemic has been challenging for everyone. Your contributions have helped our staff feel more connected with our community and have allowed them to feel recognized for all of their efforts. The staff shirts affirmed a sense of community for all of our staff (custodians, cafeteria, special needs support staff, certified teachers, etc.).

Your "Heart of Advent" donation drive has meant the world to Woodglen Elementary. Here are a few quotes from our staff about what it means to them:

Thank you so much for your generous donation! We appreciate the support that you are giving to our school and our children. It means so much to have the support of members of the community! Thank you again!!	Amber Bickling

The church contacted me a few months asking how they could help to support our school. I was so excited to hear that they wanted to pay for our tech licenses and T-shirts, such a kind thing to do for us. Once we were presented with the donation it left me speechless. I never imagined such a generous gift. Hard times really do bring out the best in people, and it has been such fun seeing the way our staff has responded when hearing the good news. Thank you so very much.
